Special Coin Letter — May, 1972

DIRECTORS:  
JAMES F. RUDDY  
NANCY RUDDY  
Q. DAVID BOWERS

Welcome to our *Special Coin Letter* for May, 1972. We've listed for your selection many interesting, important, and desirable United States coins — including new purchases from collections recently acquired. Check the following pages carefully: we've tried to include something for everyone.

Thank you for the excellent response to our recent *Rare Coin Review* No. 14. A new issue of the *Review* is now being prepared, with the release scheduled for June. In the meantime this *Special Coin Letter* offers you many excellent values.

The coin market is extremely strong, and the demand for quality material is unprecedented. The first quarter of 1972, the quarter which has just recently ended, is the best three-month period we've had in nineteen years of the rare coin business! 1972 will almost certainly be a record-breaking year. This brings up an interesting point: we have no trouble at all selling quality coins; the problem is buying them! We're always seeking choice collections and are willing to pay competitive prices to acquire them. Our large volume of business permits us to work on a smaller margin of profit — a situation which benefits those who sell to us as well as those who buy from us. When the time comes to sell your collection, please keep us in mind.

All items in this *Special Coin Letter* are offered as per our regular Terms of Sale (see page 5 of *Rare Coin Review* No. 14). All items are offered subject to being unsold. This listing cancels all previous listings. All items will be sent postpaid. All items are guaranteed genuine. All items are carefully and conservatively graded by the *Photograde* system. Your complete satisfaction is guaranteed.

You may telephone Nancy Ruddy or Judy Moran to reserve items of interest. Telephone collect to reserve an order of \$200 or more. Office hours are Monday-Friday 9:30 to noon; 1 to 5. Check this *Special Coin Letter* carefully — and then telephone or write to us with your order. We look forward to supplying you with what we consider to be the best values in the rare coin business today.

Thank you again for all of the business you've been sending our way!

Sincerely,

—James F. Ruddy and Nancy Ruddy

## COLLECTION / INVESTMENT PROGRAM

*Under the supervision of James F. Ruddy*

### COLLECTION / INVESTMENT PROGRAM

#### A Service for Investors

What type of coins should I invest in? This question is often asked by the collector or investor who studies the bewildering array of "best bets," "tomorrow's winners," and other such offerings made in the various numismatic publications.

While short-term speculative profits (and whopping losses, too!) have been made in special situations from time to time, we have found in our many years of professional numismatics that the best and most consistent profits have been made by investors who buy **QUALITY** coins, coins that are acquired as part of a meaningful collection and investment program combined.

We have purchased many of the finest collections to be sold in America and Europe during the past two decades. Without exception, to our knowledge, the owners have shown very attractive profits if the coins were held for a five to ten year period or longer. Often the price we've paid to a collection owner has been double, triple, or quadruple the price the owner paid for his coins. Often it has been even far more.

How do I go about building a collection of coins? If you are an established numismatist, then you can build a collection as thousands of active collectors in America and Europe do: you can study coins carefully, recognize good buys when you see them, be familiar with grading, know the genuine from the false, and, in general, be a knowledgeable numismatist.

But what if my profession takes too much of my time — and I can't spend hour after hour doing the necessary studying? This is a question we're often asked by successful businessmen and professional people.

The answer is simple: you can place your confidence in an established numismatic firm. You can place your confidence in Bowers and Ruddy Galleries, Inc., one of America's leading established and respected numismatic companies.

To make it easy for you to do this we have established our Collection/Investment Program.

#### What Makes a Coin Increase in Value?

With few exceptions, coins are of known rarity. The supply is forever fixed. If anything, the supply of a given coin grows smaller over the years as pieces are mishandled, lost, and meet other fates. In the meantime the demand increases. The result? Prices increase.

The long-term outlook for coin collecting is favorable. Consider that the average American citizen will have:

- (1) More money to spend — the trend of wages is upward.
- (2) More time in which to enjoy a hobby — the work week grows ever shorter and more emphasis is placed on leisure time activities.

... and you can readily see that this bodes well for the future of the coin hobby. More collectors + more money to spend = higher prices for coins. Few would dispute this equation.

Consider also that coins can be: (1) Stored safely and compactly in a small space — in a bank safety deposit box, for instance. (2) Collected privately — no one else, even your closest friends, need know how much your coins are worth or

how much you spent for them. (3) Easily transported from place to place — in a briefcase or a small package by mail.

Consider also that quality coins are easy to sell. As leading dealers, our main problem is buying coins, not selling them — as you know well if you've been following our catalogues! Rare coin dealers and auction houses vie with one another to obtain choice coin collections when they come on the market.

#### Advantages for You

Our Collection/Investment Program offers a number of advantages. You enjoy the prestige and satisfaction of doing business with one of the world's most respected numismatic firms. You can build an important and meaningful group of rare coins simply by making payments at your convenience. Over the years truly rare coins have been a wonderful hedge against inflation. Coins represent an *interesting* investment as well as one with excellent potential. Our Collection/Investment Program makes it easy for you to assemble a group of really choice coins.

There are no service charges to pay. You pay just our regular price for coins — sometimes less, in the instances of quantity purchases or when we pass a special buy on to you — but **NEVER** more! There are no service charges to pay, no postage or handling charges, no "extras" of any kind.

You are under no obligation. You are not signing any contract. If you aren't 100% delighted with the coins you receive in our Collection/Investment Program you can cancel at any time simply by discontinuing your payments. You won't owe us a thing — and we won't owe you a thing. By each maintaining our independence, we are in the spotlight — and have to provide the quality and value you want.

First choice: When you buy from us you have first pick of one of the largest and finest stocks of rare coins in existence. As new collections and other purchases are being constantly added to our inventory you'll get "first pick" of many of the beautiful pieces.

You do business with an established firm. James F. Ruddy (author of *Photograde*, recipient of the Professional Numismatists' Guild's "Distinguished Service Award," and internationally-known numismatic researcher and scholar) will personally select coins for you. Mr. Ruddy has handled virtually every rare coin in the book. This experience, plus that of Q. David Bowers and other professional numismatists on our staff, is available for you — an advantage that money can't buy.

#### Advantages for Us

The Collection/Investment Program has two main advantages for us. In a way, they are advantages for you, too! They are:

- (1) We are able to place directly many beautiful coins without the expense of "sold out" letters, credit problems, advertising listings and catalogue preparation, etc. — resulting in a savings for us. In a high-volume low-margin-of-profit business, this savings can be quite important!
- (2) Our main problem is buying coins, not selling them. By

placing with selected buyers these choice coins we hope to have the opportunity to buy them back someday. There is no obligation for you to sell your coins back to us. You can sell them wherever you wish — as the marketplace is free and competitive. However, it has been our experience that many collectors who purchased coins from us way back in the 1950's have kept us in mind — and we have bought their collections (at a handsome profit to the seller, without exception to our knowledge!) when they have been put on the market years later. So, by selling you choice coins today we hope you'll keep us in mind in the future — and help us with our purchase requirements five, ten, or fifteen years from now!

### How our Collection/Investment Program Works

Each month (or other interval you choose) we will sell you a group of choice high-quality coins. These coins will be pieces with established numismatic values (as opposed to recent speculative issues). Coins will be in the higher grades: Uncirculated or Proof or, in the instance of great rarities, Fine or better.

These coins will be like those that have paced the market in the past: type coins (coins needed for inclusion in type sets), "key" or rare dates, and similar material. Circulated modern coins of the type that are not rare now, nor will they be in the foreseeable future, will not be included! Rather, you'll be getting the "blue chips" of numismatics.

Each month (or other interval) you send us \$50, \$100, \$250, \$500, \$1000, or more. We will then send you choice coins as described above. Each coin will be graded carefully and will be priced and invoiced individually, so you can maintain a record of your purchases (and we will keep a record here also).

Here is what we guarantee. We guarantee that you will find the grading to be accurate and the prices paid for the coins to be reasonable. After receiving your coins you have seven full days to consider the coins, examine them, have them appraised by others, and to consider them in any other way that you wish. If, FOR ANY REASON WHATSOEVER, you are not 100% delighted, your money will be refunded in full as per our guarantee. There's no red tape. In fact, no explanation is necessary!

Guaranteed Authenticity: Each and every coin sold to you is absolutely guaranteed authentic. Over the years we have acted as consultants to government agencies, numismatic publications, and others in matters involving authenticity. You can be sure when you buy here.

### A Limited Program

Even with our large stock we cannot service a great number of buyers for our Collection/Investment Program. By their very definition, rare coins are rare — and, thus, we must limit the Program to the number that James F. Ruddy can personally handle and to the number for which we can supply choice coins. So, we offer this program only in a few selected places. We are not seeking a high-volume business in this regard. We hope you'll understand.

Right now we offer Collection/Investment Programs in the amounts listed here. To begin your Program just send your check representing the first month's payment. As noted, you are under no obligation of any kind — either to keep the coins received or to continue the Program in the future. We accept the challenge of a "command performance," and on a month-to-month basis we'll do our best to deliver to you what we consider to be the best values. We think you'll be pleased.

The following Programs are available:

Program No. 1	.....\$50 per month
Program No. 2	.....\$100 per month
Program No. 3	.....\$250 per month
Program No. 4	.....\$500 per month
Program No. 5	.....\$1000 per month

Note: Unless you specify otherwise, all coins sent will be United States issues. If you want Coins of the World, request "World Coins Collection/Investment Program" when ordering.

To start: Send your check to my personal attention. This will start what I hope will become a long and mutually beneficial relationship between you and Bowers and Ruddy Galleries, Inc.
